ShenZhen JunAn Software Technology Co.,Ltd.

ShenZhen JunAn Software Technology Co.,Ltd.

Best Safe Driving Assist Technology and Intelligent Imaging Solutions Provider

JunAn Technology focused on the development of driving safety and Car DVR products, covering a full range of services, from research , product planning, design, producing and so on. Products include Combos, FHD Car DVRS, GPS radar detector, intelligent TPMS and other professional driving safety intelligent equipment

Junan Technology,research department is located in Korea and Shenzhen, with more than 300 experienced staffs,The total factory area in shenzhen is more than 10,000 square meters. With the introduction of new Siemens and South Korea Samsung SMT equipment, helps the production capacity arrived at 3 million units / year, ranking first in the industry.
